COMPANY

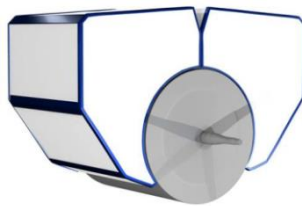

- Staff and headquarter :
50 employees
3000 m2 Workshop
- Sales turn over 2018: 12 M€
- Worldwide deliveries

TISSUE TECHNOLOGY PLATFORM

- **Drying**

Gas fired Yankee hood
Steam heated Yankee hood
Cogeneration hood
Suction hood
Combustion systems upgrade
Steam & condensate systems

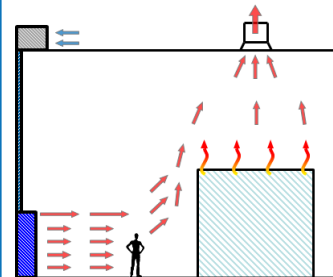

- **Energy Saving**

YES Steam Generator
Heat recovery systems (several applications)
YD Heads Savers
Exhaust drying box

- **Ventilation**

Dust Control TM
Dust Control RW
Dust Control for Converting
Mist removal
Room Ventilation
Cooling systems

- **Service**

Surveys
Maintenance & Repair
After sales service
Spare parts

PAPER & BOARD TECHNOLOGY PLATFORM

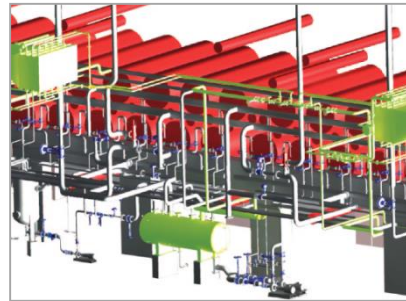

- **Drying**

S&C Systems

Closed Hood

Mini Yankee Hood

MG Yankee Hood

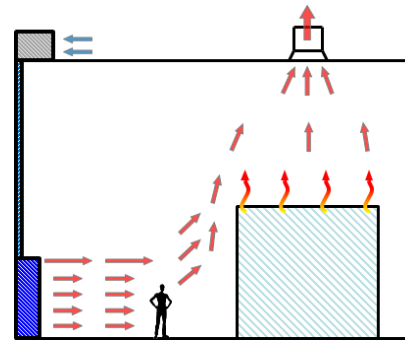

- **Ventilation**

Heat recovery Units

Pocket ventilation

P&B Hall Ventilation

COMPLETE PACKAGE OF SERVICE AND PRODUCTS FOR THE TISSUE INDUSTRY

- Sales & Application
- Engineering
- Project Mgmt
- Procurement
- Manufacturing
- Delivery
- Supervision/Erection
- Installation
- Start up
- After Sales Service

following the customer in every step for turn-key and succesfull projects

QUALITY IN MANUFACTURING AND OPERATIONS

Andritz Novimpianti manufactures Yankee hood sections and all key parts of its supplies only in its own workshop.

In particular all the welding process is kept strictly under control with skilled and long experienced technicians to guarantee long life cycle for Yankee Hood sections

PRODUCTION & SUBCONTRACTING

With long experience in the world market, Andritz Novimpianti has a global network for the purchasing of specific equipment as:

- Burners
- Fans
- Heating coils
- Instruments and controls

Furthermore local qualified sub-contractors are used for the supplying of non “Key Components” machine parts as:

- Ducting/Structures/Framework etc.

Still keeping quality and «on-time» delivery.

AFTER SALES & SERVICE
