

Test Report

1. Title : Test of Dry Strength Agents

2. Test Mill : Cheon-Il Paper, Si-Hwa Plant in Korea

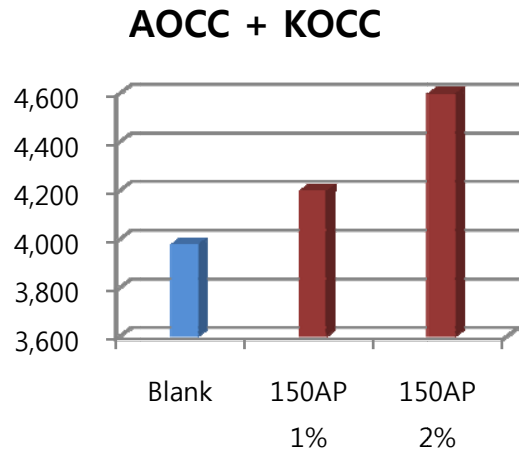

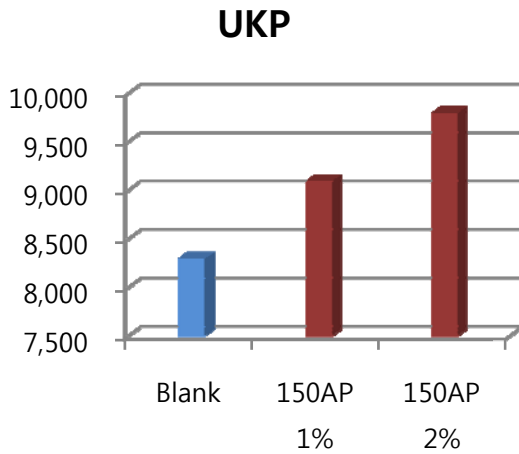

3. Samples and properties
 - A. EN-TECH : NTSTRENGTH 150AP (15%)

4. Stock information
 - A. UKP (25°SR)
 - B. AOCC + KOCC (28°SR)

5. Test Method
 - A. Dilute Dry-Strength Agent to 1% on Dry Base.
 - B. Control Input value 1% and 2% on Stock
 - C. Measure Paper Property
 - i. Tensile Strength
 - ii. Bursting Strength(Force)

6. Test Result

A. Tensile Strength

B. Bursting Strength (Force)
